Parth Pandey

9755591720 | parthrspandey25@gmail.com

EDUCATION

Anjuman College of Engineering and Technology, Nagpur, Maharashtra — Nov 2022-Present
Bachelor of Technology in Computer Science and Engineering
St. Xavier's High School, Nagpur, Maharashtra — June 2016-July 2022

- Higher Secondary Certificate – 68%
- Senior Secondary School – 83%

TECHNICAL SKILLS

Software/Tools: OpenStego, WireShark , Flutter, Docker, Kubernetes, React, Angular ,AWS, Git & GitHub , Postman , Socket.io.
Programming Languages: C / C++, Java, Python, Linux, DevOps , Dart , Html, CSS , JavaScript, MongoDB Query Language (MQL), MySql.

Experience

AWS – DEVOPS INTERNSHIP: Oct 2024-Nov 2024

Role: CLOUD COMPUTING INTERN
INTERN ID : B24SP0608

- I designed and implemented a **highly available, fault-tolerant AWS architecture**, incorporating a **multi-region VPC** for redundancy and **Route 53 DNS failover** for seamless traffic management.
- Utilizing **Auto Scaling Groups**, I enabled horizontal scaling to handle varying workloads, while **cross-region replication** ensured data consistency.
- Additionally, I optimized **Elastic Load Balancers** and enhanced security through **NACL hardening** and **IAM role management**.

EDUNET FOUNDATION IBM SKILLSBUILD CYBER SECURITY 6 WEEK INTERNSHIP Jan 15- Feb 26 2025

AICTE Student ID: STU6763b77f787fb1734588287
Internship ID: INTERNSHIP_1733996026675aadfa155ed

- Developed a steganography-based security system to enhance data protection.
- Gained hands-on experience in cybersecurity principles, encryption, and secure data transmission.
- Explored various steganographic techniques and their applications in cybersecurity.
- Strengthened knowledge of network security**, threat analysis, and cryptography**

EY GDS NEXT GEN 6 WEEK INTERNSHIP ON FULL STACK WEB DEVELOPMENT WITH MERN Feb 10- Mar 21 2025

AICTE Student ID: STU6763b77f787fb1734588287
AICTE Internship ID: INTERNSHIP_173892172667a5d6fed4b6a

- Developed a full-stack web application using React.js, Node.js, Express.js, and MongoDB, implementing CRUD functionalities and authentication.
- Designed a responsive and interactive UI using React Hooks, Context API, and Material-UI/Tailwind CSS for an enhanced user experience.
- Built a RESTful API with Express.js, implementing JWT authentication, role-based access control, and secure session management.
- Optimized MongoDB schemas with Mongoose, ensuring data validation and efficient query performance.
- Integrated Socket.io for real-time updates, enabling instant data synchronization.
- Deployed the application on Render (backend) and Vercel (frontend), ensuring scalability and high availability.

ALTAIR DATA SCIENCE MASTER VIRTUAL INTERNSHIP (Cohort 11) Eduskill

- Worked on data cross-verification, deep cleaning, transformation, and transfer for optimized data management.
- Developed data visualization and predictive modeling techniques for insightful analysis.
- Implemented feature engineering, clustering, regression, and classification models for machine learning applications.
- Automated data pipelines for efficient and scalable data processing.

Certifications Earned:
Applications & Use Cases Professional & Master
Data Engineering Professional & Master
Machine Learning Professional & Master
Platform Administration Master

Projects

Mass Email System using AWS SES & Lambda & Alexa

- Automated bulk email sending with Amazon SES and AWS Lambda, reducing costs.
- Integrated Amazon Lex for chatbot-driven email generation.
- Ensured email deliverability and spam filtering using custom validation rules.

Steganography-Based Cybersecurity System (IBM SkillsBuild Internship)

- Utilized Designed a **secure steganography system** to embed encrypted data within images.
- **cryptographic hashing algorithms** to prevent unauthorized access.
- Integrated with **Wireshark for network analysis** and **OpenStego for data embedding**.

Personal Finance Manager (MERN Stack)

- Developed a **full-stack personal finance management platform** with **real-time expense tracking**.
- Implemented **JWT-based authentication and role-based access control** for security.
- Used **MongoDB Atlas for cloud storage** and **Socket.io for live updates**.
- Deployed on **Render (backend) and Vercel (frontend)** for scalability.

AI-Powered Tutor for Competitive Exam Preparation (10-Hour Hackathon)

- Developed an **AI-driven tutor** for **personalized competitive exam preparation**, integrating **adaptive learning models**.
- Implemented **local AI processing with Llama 2** and **AWS Bedrock as a fallback**, ensuring cost efficiency.
- Integrated **voice assistant (Alexa, AWS Lex, AWS Polly)** for a multi-modal learning experience.
- Designed a **dashboard for performance evaluation and real-time analytics** using **React (Next.js), Node.js, and PostgreSQL**.
- Applied **gamification strategies** using **Godot** for improved student engagement.

Expense Tracker App

- Build a **simple expense tracker** to log daily spending.
- Use **Firebase Firestore** to store transactions.
- Implement **charts** for expense visualization using **fl_chart package**.

ATHLETICS

Judo Federation , Nagpur — April 2017-January 2018
Inter College Fencing , Anjuman College of Engineering — January 2023-April 2023

ACTIVITIES

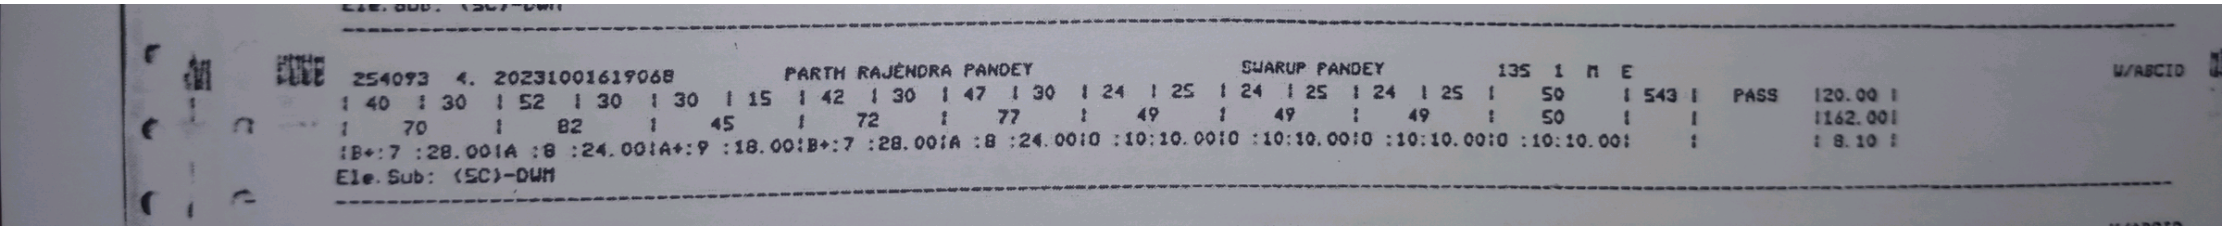

Krans Community, Anjuman College of Engineering and Technology, *Member* — June 2024- Present

SITANK – Symbiosis Innovation Tank — Feb 20 2025

- Participated in **SITANK**, a prestigious innovation and entrepreneurship challenge.
- Developed a **tech-driven solution** addressing real-world problems with a focus on **scalability and innovation**.
- Conducted **market research, prototype development, and business model validation** to refine the idea.
- Collaborated with a **multi-disciplinary team** to pitch the project before industry experts and investors.

24-Hour Hackathon – SB Jain Institute(Hack-Wack) — Feb 23 2025

- Competed in an **intensive 24-hour hackathon**, developing a **functional prototype** under time constraints.
- Designed and implemented a **full-stack web/app solution** integrating **real-time APIs, database management, and cloud computing**.
- Applied **machine learning, automation, and cybersecurity principles** to enhance project efficiency.
- Demonstrated **teamwork, problem-solving, and rapid prototyping** while presenting the solution to judges.

ANJUMAN COLLEGE OF ENGINEERING & TECH

CERTIFICATE

This is to certify that Mr **Parth Pandey** bearing Roll No. **28** of **Section B** of course **B.Tech** branch **Computer Science and Engineering** studying in 6th / 3rd semester /year in this college/Institute is in the top 20% in the branch concerned by virtue of total marks secured.

He is a bonafide student of this college.

Signature of the Principal/Head of the Institute

Name: Dr. K.S. Zakiuddin

Official Seal of the authority signing

Prof. (Dr) K. S. Zakiuddin
Principal
Anjuman College of Engineering and Technology, Sadar Nagpur

Date of issue: February 20, 2025

College Seal
